

Aunali Fidahusein Rashid Moledina

Inna Lillahi Wainna Ilayhi Rajeoon.

Today MARC has lost its most ardent supporter and benefactor. We mourn the sad loss of our dear brother Aunali Moledina. A man with a deep passion for serving the community, and in particular towards excellence in the education, he has had a major impact in enhancing our schools across our international Community, helping establish and fund schools, enabling scholarships, and championing the value of education on our Community. His signature was to inspire thousands of us on 'walks' to raise funds for many a needy cause.

Right from the planning and construction phase to this day, his tireless commitment, care and concern for MARC has been unflinching, his counsel and advice most profound, and his zeal for the progress unabated. In 'Auni' I personally found a valued friend and an esteemed colleague, whose contagious enthusiasm and active participation in managing the affairs of MARC were a great source of support and solace. His social skills and team spirit, endeared him to the team at MARC. His stable guiding hand helped MARC achieve the level of excellence, it is known for, as we embarked on and implemented ambitious and innovative exhibitions and events.

Aunali comes from a family whose philanthropy and public service is well known. True to his family tradition he was always ready to serve to the best of his ability and with great passion. With a heavy heart, on behalf the Directors, volunteers and staff at MARC, we offer our heartfelt condolences to his children and siblings. May Allah bless the *Marhum* with mercy and *maghferat* and a place in the proximity of the *Masumeen*. May He give *sabre-jameel* to the family on the bereavement.
